Spending a CENTENNIAL

Kerri Brown, Stephanie Peebler, Felicia Sebree, Jessie Matula, Quiana Jackson, Shannon Monroe, Angie Rodriguez, and Stacey Mitchell are some of the 1994-95 Varsity Football Cheerleaders. Through it all the cheerleaders show their spirit with pride for Manual. The girls got the crowd pumped up and ready to cheer on the football team at Parents Night against Washington.

STUDENT LIFE

For 100 years student life has been a big part of Manual High School. It has helped us gain pride. It has helped us make new friends. It has given us many memories that we will take with us forever.

Our involvement in school is very important. School is more fun and time seems to go by faster when we get involved.

Student life is the key to a more fun and exciting high school career. When school is fun we tend to have a lot of school spirit. Our spirit explodes and lets everyone know that Manual High School is the place to be.

ELI LILLY

Emmerich Manual High School and Eli Lilly and Company joined forces with the Indianapolis Chamber of Commerce for the purpose of drawing schools and businesses together. Eli Lilly and Company has donated their time, money, and equipment to Manual. One of their most beneficial programs is Big Brothers and Big Sisters. This group is made up of Manual students who are paired with Lilly volunteers.

Lilly is also involved in various other areas of interest for the students. For instance, Lilly holds several different programs for the multitude of students at Manual. Some students can even participate in a shadowing program with Eli Lilly workers.

CURRENT EVENTS

Jacqueline Kennedy Onassis was the widow of the late President John F. Kennedy. She was the first lady of T.V politics. Her style transformed the White House. Onassis helped hold a grieving nation together after the brutal assassination of her husband. She had a major influence on the lives of many Americans.

On Thursday, May 26, 1994, Jacqueline Kennedy Onassis died of Non-Hodgkin's lymphoma.

Free at Last

Since 1948, South Africa has been under the racist policy of Apartheid which led to racial disunity. Freedom finally arrived on April 26. South Afrikaans came by the millions to cast votes for their new democratic government. Nelson Mandela was elected the first black President of South Africa.

Death on Trial

Dr. Kevorkian, known as Doctor Death, is on trial for violating Michigan's law against assisted suicide. Yet a state Appeals Court ruling, so far, has backed Kevorkian. Michigan may become the first place in the world to legalize physician-assisted suicide.

Vengeance

Nancy Kerrigan and Tonya Harding were ice skaters on the U.S Olympic team. These two women were known to be competitive with each other. Less than two weeks before the Olympic games, Nancy Kerrigan was attacked. Her attacker belted her in the knee with a pole sending her to the floor in tears of pain. The investigation of Nancy's attack was drawn to an end finding Tonya's bodyguard, his nephew, and her ex-husband the guilty plotters. Tonya made a public statement, stating that she had nothing to do with the plot against Nancy Kerrigan. But Tonya later confessed that she had been aware of the plot but didn't do anything about it. Nancy recovered from her injury and went on to the Olympic games to win the silver medal. Nancy Kerrigan once again comes out as America's sweetheart and this draws the curtains on this soap-opera like tale.

Senior Eric Nibbs, Sophomore Mykael Scott, and Junior Aubrey Baker are dressed to impress and know it. This trio looks ready to take over.

Senior Chad Phillips and Junior Dawn Brown seem to be enjoying themselves. Especially Chad, what a great smile.

Dewaune Mosley, in his wonderful "headdress," seems caught off guard by the camera suddenly shoved in his face. I wonder what he's thinking.

The Prom King Candidates were: Brad Pardue, Vernon Morgan, Brent Ludlow, David Carnell, and **Neil Linville**. Prom Queen Candidates were Michelle Ratliff, Rhonda Grady, **Elizabeth Medle**, Nichelle Green, and Crystal "Shorty" Mallory.

Prom

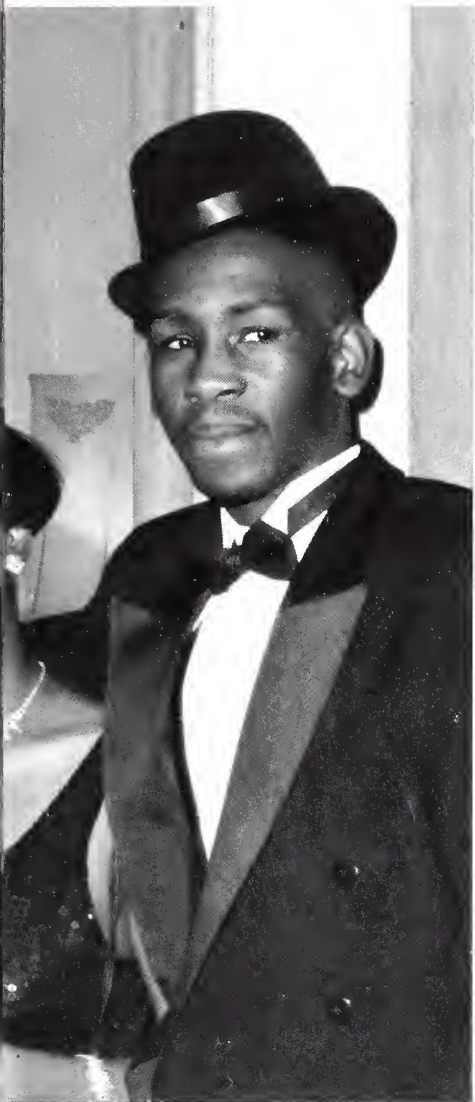

Midnight Roses

Prom is a special evening. You get all dressed up and go out on the town feeling like a million bucks. Most people look forward to this elegant night. They try to make it last as long as it possibly can. Most people arrive at prom in a limo or a real nice car. They make sure everything is perfect on this special night.

Last year's prom was a memorable and enchanting evening. The prom lasted for four wonderful hours. During these four hours people danced, talked, and had refreshments. The prom was held in Downtown Indianapolis at "The Murat Shrine", in the Arabian Room which was decorated by the prom construction crew.

The theme was titled "Midnight Roses", the colors consisted of red, black, and gold. The theme song of the night was "Forever In Love", by Kenny G. The queen, king, prince, and princess danced to this song after they were crowned. The prom king was Neil Linville, queen; Elizabeth Medle, prince; Brian Bundy, and princess; Amiee Curiee.

by Angie Rodriguez

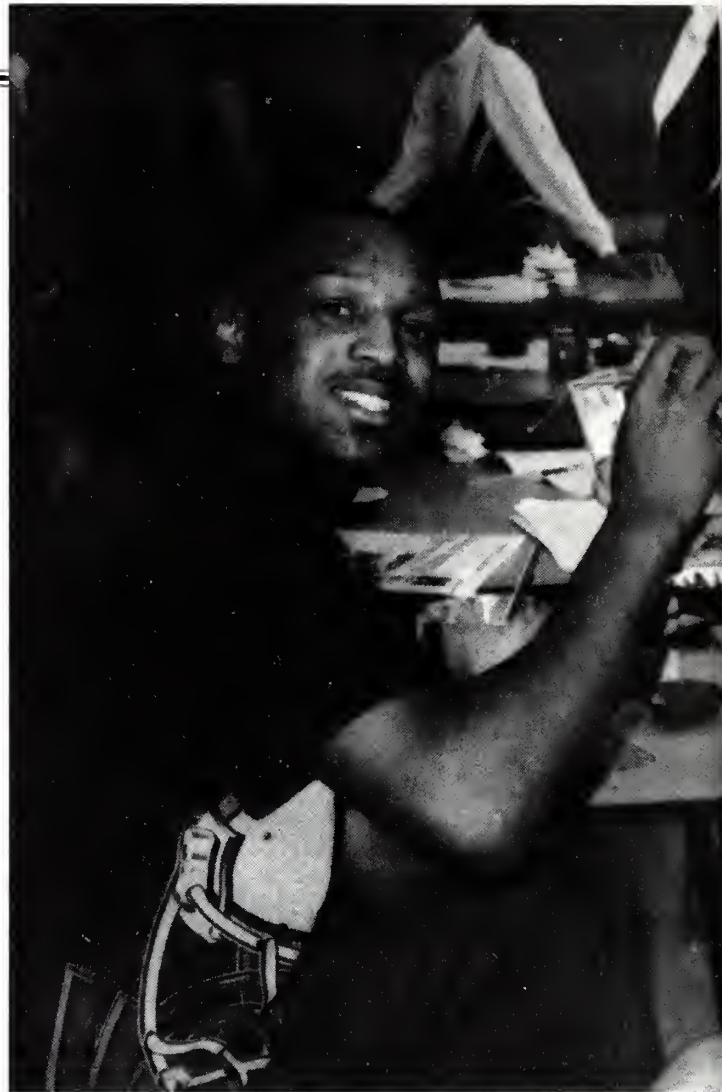

The Junior Court had a lot of fun in the spotlight. Princess candidates were: Friday Walker, Heather Teater, Aimee Currie, and Kellie Titus. Prince candidates were: Brian Bundy, Andy Twigg, Billy McClellan, and Anthony Sawyer. And the winners were... Brian Bundy and Aimee Currie!!! Congratulations, guys!

Spirit week is here once again. Jerry Krick is showing his spirit by bravely letting Dewaune Mosely paint his face. The art studio had free face painting, but only for those brave enough to try it.

In this candid hallway shot, Jessie Matula was "uplifted" by her school spirit.

Andrew Twigg and James Hopgood watch anxiously as the defense works to stop the offensive attack.

Kerri Brown, Shannon Monroe, and Stacy Mitchell are happily showing off their enthusiasm at the Homecoming game against Northwest.

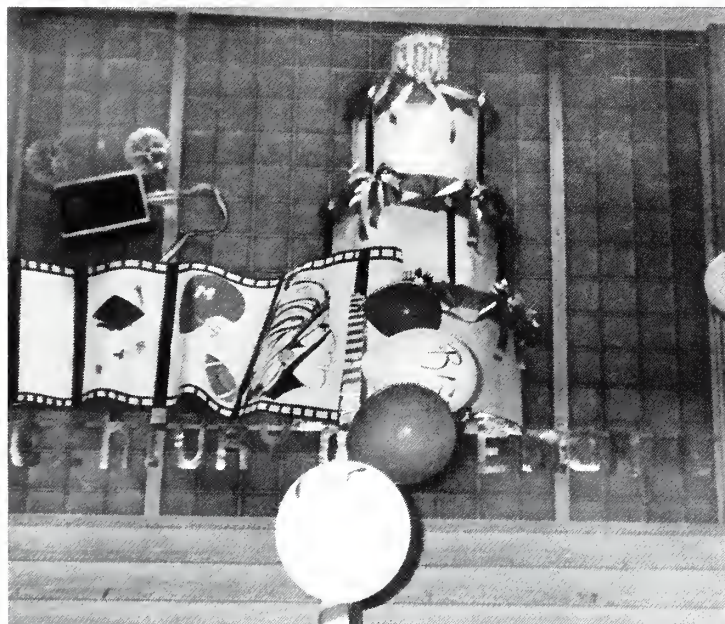

Homecoming *SPIRIT WEEK*

Homecoming week, also known as spirit week, is usually the most exciting week of the school year. Students and staff wear wacky garb to show their pride and spirit. At the end of the week the classes compete against each other in the hall decorating contest. The Junior class won the contest this year with an elaborate 3-dimensional design of birthday cake boasting of 100 years of student pride.

The evening of homecoming was a special one. This year we celebrated Manual's 100th anniversary. A great number of Manual's alumni joined with the students and cheered on the team. The homecoming king and queen candidates were Josh Mathis, Torri Cates, Brian Bundy, Aimee Currie, Dewaune Mosley, Friday Walker, Aubrey Baker, Patrice Jones, King James Hopgood, and Queen Brandi Davis.

At half time 60 of Manual's alumni football players took the field along with Coach Shadiow, Mrs. Bogard, and other I.P.S officials for a special ceremony where the football field was named The Raymond C. Schultz Athletic Field in honor of our athletic director, Ray Schultz.

by Launda M. Bolden

The Junior class showed their spirit with an impressive representation of an oversized 100th year birthday cake and a fabricated filmset showing how academics, school spirit, and athletics combine to help Manual be a place to make history.

Tricia Catlett and Brandon Frazer are having a conflict about their Grunge wear. Grunge wear has been around for a long time but was made popular recently by the "X" generation and the alternative music explosion of Seattle Washington.

Ben Messer gladly smiles for the camera wearing one of his many alternative outfits. Alternative clothing includes shaved heads, long ponytails, baggy jeans and body piercing.

No, this isn't a fashion shoot for a magazine, but Crystal Blackwell sports her Retro outfit with enthusiasm.

Carrie Bowman, Dennis Smith, and Bill Long stand outside of their class eagerly waiting for class to begin. Here at Manual "Hall Slugs" are a common sight in the seconds before class.

Fashion

Hip Hop Hooray!

Fashion is one of the biggest topics among teens today. There are many different styles, including the 'movie star' look, with copy-cat hair styles and copy-cat clothes. The ordinary everyday look consists of basic hair styles and casual clothing. The mackin' hip-hop look is very popular with shaved heads, over sized jeans, over sized T-shirts, Dickies, and the latest basketball shoes. The alternative, or Seattle grunge look, is an interesting combination of colorful hair, baggy jeans, flannels, and Converse All Stars. Let's not forget (again) the retro look, with poet blouses, bell bottoms, platforms, and mules.

What you wear is a way of telling others a little bit about yourself without saying a word. Whether you are into the alternative or the hip-hop, you are sharing a part of your personality with others. On these pages are some of the looks and personalities here at Manual.

by, Shelley Landwerlen

Dimitri Bullock's Karl Kani outfit wouldn't be complete without lots of gold on the fingers and his pants pulled down so his back pockets are around his knees. The Hip-Hop fashion has hit Emmerich Manual like a whirlwind and has shown students' parents exactly how quickly money can be spent on clothing.

12

This must be a free day for Catrina Ballance as she sits and takes advantage of free time in Mr. Gause's F.A. Enjoy it while you can...you can bet next period won't be this easy!

Angie Rodriguez and Ms. Wolfe go into great detail while discussing classroom matters...the ultimate outcome of the conversation was to take a week off and think about it.

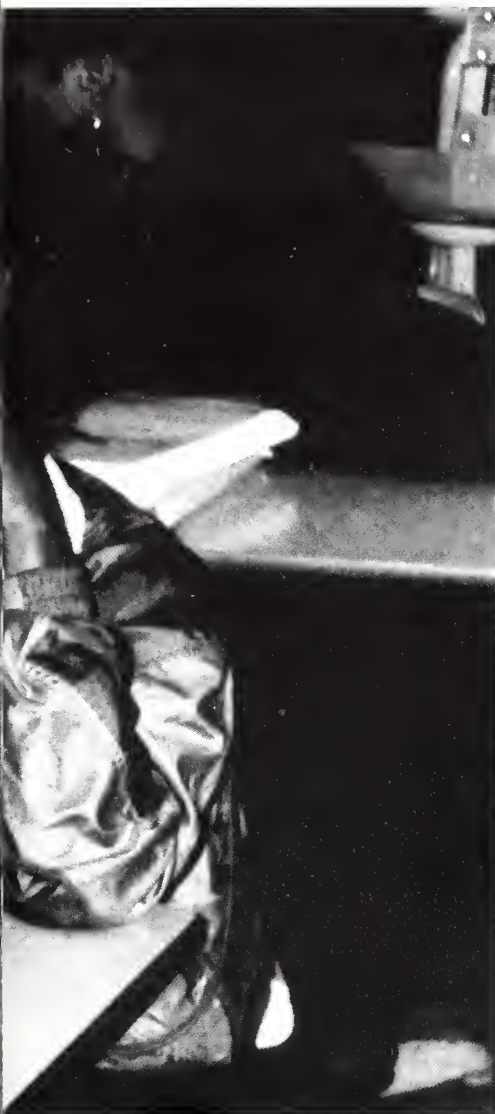

Here, Amanda Woolen strolls through the halls being cool and collecting the vax. Looks like a great way to start off the day.

"Was that the Bell? Is it time for class, or time for a nap?" Here, Vincent Linzy and Taryll Miller quietly ponder the answer to this question.

People

Just Hanging Out

"Were you talkin' to me?"
Sophomore Mike Gary suspiciously eyes the camera as he heads for his next set in his daily workout routine. After school workouts for athletes are commonplace at Manual.

"Who says freshmen aren't cool?"
These freshmen seem as cool as a cucumber on their way to class. Nicole Dycus, Quiasha Wilson, and Ambi Torrence casually take life in as they meander their ways to class.

Freshmen Amanda Alderson helps her friend Barb Anderson look good for the boys during her Faculty Advisor period.

Jamie Hudson, Angie Rodriguez, Brandy Holden, Stacy Mitchell, Jackie Pike and Chrystal Byrdine enjoy each other's company while taking a little time away from their active cheerleading schedule.

Outlaws Angie Rodriguez and Jessie Matula playfully wave their pistols in the air as they spend a little "quality time" together. Tomorrow's activities might include a little cowboy chasing and cattle rustling.

Friends Amie Caviness and Faith Wright ham it up for the camera during a passing period.

Friends

A Personal Confidant

As we go through life, many friends will pass our way, but there will only be one friend that can truly be called a "best friend". A best friend can be classified as a good listener and a personal confidant. Not only is a best friend supportive, a best friend is there through the good times and the bad times.

A best friend doesn't just have to be somebody a person meets outside the home. A best friend can be a sister, mother, and even a brother. A family member might even be the closest friend that there can be.

The relationship one can share with a best friend is a magical and wondrous thing. It is only the lucky people in life who will be able to find a friend worth being called a "best friend"!

by Jaime Bronson

Senior Wendy Linville and Junior Krista Muckey are enjoying a warm moment together in the freezing weather while waiting for their transportation home. The question is..."Will their rides be there before their smiles become permanently frozen to their faces?"

Spending a CENTENNIAL

The 1945 IVIAN staff worked hard on the 50 year anniversary edition. The product of their work was beautiful. Publications, and many other school-related organizations, have been a fun tradition at Manual.

C L U B S

For 100 Years Manual High School has offered students extra-curricular activities. There are various groups to choose from if you are interested in joining one. The type of club can be suited to your needs and personality. There is one, or even a few, for you.

The clubs here at Manual High School do many things together to gain credit, experience, and many worthwhile memories. They elect officers, go on field trips, have parties, and many other activities, as well. The honor points that each club member earns is just one of the advantages of being in a club.

So if you're not a member of a club yet, think about joining today. There could be many worthwhile experiences awaiting you in the club of your choice.

MUSIC

The music department offers many classes for the musically inclined. Concert Choir, Glee Club, Manualaires, Orchestra, and Band offer students a chance to expel their musical talents during school hours. These groups perform at the Honors Day ceremony, evening concerts, and travel to various places throughout the year.

The Gospel Choir allows students to sing religious and ethnic

spirituals as an after-school activity. The Gospel Choir also performs for Honors Day and they perform at the talent show held here at Manual.

These music affiliations offer a wide variety of opportunities to Manual's students. Whether it is the Gospel Choir, Concert Choir, Glee Club, Manualaires, Orchestra, or Band, there is certainly a music group for Manual's musical talents.

R.O.T.C. is an elective course for those interested in learning about the military, responsibility, and self-discipline. Rankings and awards are received by students, based upon their leadership abilities and participation.

A number of special groups exist within R.O.T.C., each stressing and developing their own skills. They

include: Cadet Rifle Team, Cadet Corp., Cadet Color Guard, Cadet Pathfinders, Female Exhibition Drill Team, and the R.O.T.C. Drill Team.

R.O.T.C. at Manual is instructed by Colonel Riley and Sergeant Sherard, who are responsible for teaching students "How to be better American citizens" and helping each student reach his ultimate potential.

Drug-free

With peer pressure being such a huge factor in growing up, it is hard for teens to say no to drugs without help from their peers. That is one reason why Manual has many different clubs to help teens with any problems they may face. This enables teens to help themselves, and perhaps help others along the way.

Natural Helpers, Clean Team, S.A.D.D., and Snowball are some of the different programs you can get involved in. Natural Helpers is a program that teaches teens stronger leadership skills and the knowledge of different types of problems that may affect or threaten today's youth. The Clean Team has a chance to visit elementary

schools and talk about their experiences or just their general knowledge of family problems, drugs, and violence. They teach fifth and sixth graders ways to say no to peer pressure and ways to stay out of situations where they could be victimized.

S.A.D.D. is short for Students Against Drunk Driving. This club makes people aware of the consequences of driving drunk, and how drastically it can affect someone's life...both the victim, and the driver.

Snowball is a weekend long lock-in that has many invigorating guest speakers. These speakers talk about their experiences with drugs and tragedies and how these aspects have affected their lives.

DeAnna Fleming

These members of the Natural Helpers Club are doing an activity where they must decide when, if ever, it is right to turn someone in to the proper authorities. Questions of this nature are discussed daily to help the students if ever they are faced with a similar situation.

During this "no-talent" show during Snowball weekend "Mysterious Milen" Glenn puts on a show of his own while "Super Dave" Brunsting watches in disbelief.

Government

The Junior and Senior Council is a group of students who represent their class. Each class has meetings held in which the council members attend. At these meetings certain topics are discussed concerning the class. Some of these topics include: decision making on prom, class decisions, T-shirt designs, and fund raisers to help raise money for activities. One of the activities held by the council members include the hall decorating contest. During Homecoming Week each class is assigned to a certain hall in which they are to decorate. This is an activity in which the classes get to compete against one another in a fun and productive way. The junior hall won the competition this year.

In each class their must be representatives. The representatives are

nominated in their F. A.'s. Everyone nominated is placed on a ballot. The whole class is given the chance to vote on who they feel would be the best to represent them.

In the Junior Class the officers chosen were Angie Rodriguez for president, Robert Bridgewater for vice president, Corey Reigal for secretary, and Shanell Pass for treasurer. The Senior Class officers are president Brandi Davis, vice-president Archie Pass, secretary Cheryl Ingram, and treasurer Patrice Jones.

by Angie Rodriguez

Junior class President Angie Rodriguez can't decide whether to smile for the camera or tell someone else to do the same. Unfortunately, class offices are not always this frivolous, as there are many important decisions to be made.

Here, the Junior Class Council ponders some of the most important decisions that will affect them in their high school careers, like "where will this year's prom be held," or "what will the theme of our class t-shirts be?"

Learning

At Manual High School the Spanish and French clubs are a way to learn about different languages and cultures through hard work and fun. By common communication in a relaxed environment the students in the Spanish and French clubs learn new ways of communication as well as enjoying themselves.

In the Macintosh Club, the student learns how to process programs on the Macintosh computers that will be a valuable for future classes in addition to the knowledge they already have. As well as learning, they also find time to break down and have a little fun by playing some of the many computer games.

The Archery club, led by Mr. Swinford, teaches the students about several techniques used with various bows and arrows. In the Archery Club the members are taught the proper ways of shooting bows and arrows. Many enjoy the fun and laughs during target practice. As everyone knows, these instruments can be deadly weapons as well as hunting tools, and must be used with caution. The Archery Club teaches students to respect these facts, as well.

by Shelley Landwerlen

Members of the Macintosh Club, Chris Reed and Maneika Moore, concentrate intently as they play one of the many competitive games that the computers contain. The club, headed by Mr Brunsting, meets daily after school, and teaches the basic programs that the Macintosh computers offer, as well as the games.

Mr. Swinford proudly boasts the prize of his day. As the head of the archery club he takes responsibility to be well acquainted with his own bow and arrow. Often the Archery club will go on hunting outings such as this.

Helping Out

The Key Club is a club that stresses leadership through the works of services. They sponsor a canned food drive to assist needy families. The Key Club is sponsored by Mrs. Evans-Allen

Project Set involves students who are thinking about pursuing a teaching career in the future. The students attend teacher conferences that are for high school students. Project Set is sponsored by Mr. Phillips.

The Student Affairs Board mostly deals with making decisions about the student body and with Homecoming. S.A.B also sponsors Teachers Appreciation Week and helps with Parents-In-

Touch. Student Affairs Board is sponsored by Mrs. Miles and Mr. Smith.

Partners in Education. A few years ago Eli Lilly and Company became Manual's partner in education. Within these few years Lilly has accomplished much for the school. Lilly has provided computers and equipment to the publications department and computer lab. Eli Lilly's support has helped Manual in many ways. Thank you Eli Lilly. Honors

National Honor Society, Roines, and Masoma are clubs in which the student has to have a certain grade point average to join. In order to join, the student must also be selected by a current member of the club.

M-Men is composed of a group of 13 male students who have the responsibility of keeping Manual's campus clean and neat. They also give to the community by sponsoring things throughout the school year, like a canned food drive. The canned foods gained in this drive are then given to needy families.

The Academic Team is a study program for students who are academically inclined. These students study the subject of their choice and, once completed,

compete in the Academic Super Bowl on the subject they have studied.

Upward Bound is a program that prepares students for college. The college bound students have the privilege of spending six weeks at a college campus, giving them the chance to experience college life first hand.

These clubs are not only fun to be in, but cultivate long lasting friendships that often last long past the high school career.

Working

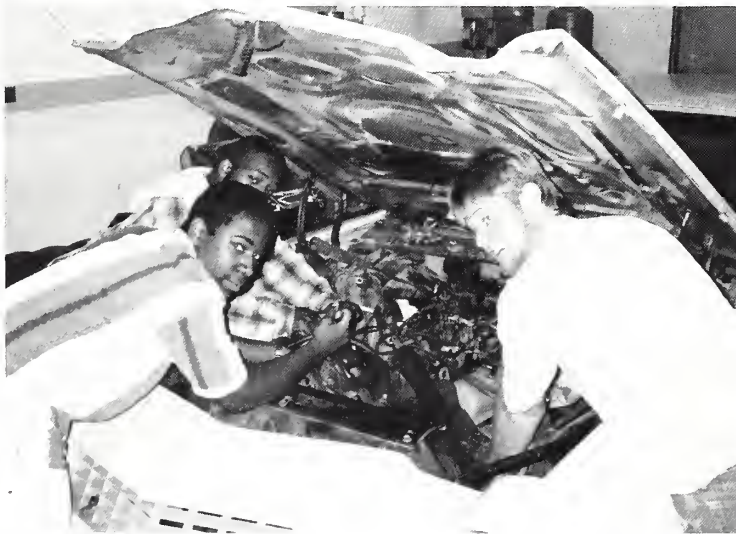

It can be hard for students to trust and depend on each other for assurance when they have a problem. That is why Manual has four cooperative learning classes which help students become involved with other students.

VICA is a two and one half hour class that meets at two different times per day. The first class is offered in the morning and the other is offered during the afternoon. Each class is worth three credits per semester, which really helps the students involved. VICA is a course which gives the students a chance to gain hands on experience while working on cars and trucks. VICA also gives the students a chance to be part of a team, and to be involved in regional and international

competition.

DECA and COE are classes that are taken if the student needs to work for half day, as well as go to school. The students get paid on-the-job training for which they receive two credits per semester. They must be employed for an average of fifteen hours a week. To become involved in this program the student must have completed credits in typing and introduction to marketing. Some of the places that employ these students are : Farm Bureau Insurance, Lane Bryant, Roaman's, and Brylane Inc.

DeAnna Fleming

Don Laswell, Tim Hastings, and Chris Crabtree work tirelessly on a fellow students' Camaro. That lucky student got his tune-up for free, this time. The students keep busy with a garage full of cars waiting to be repaired. While working on these cars the V.I.C.A. students are gaining valuable experience that they will use to help secure their futures .

Members of the C.O.E. , Jodi Brink and Angie Powers, work to perfect their typing in order to better their overall office skills. The class helps to gain the students the experience they need in the competitive job market.

Pride

Block M is a club that recognizes students that have earned their varsity letters. This club is sponsored by Mr. Ray Schultz and includes teams ranging from the cheerleading team, to the football team. The club helps student athletes maintain pride in their endeavors and in their school as well.

Mrs. Newman-Smith sponsors a club call F.C.A., or, the Fellowship of Christian Athletes. This is a club where the students feel more than just an obligation to themselves and their teams, but to their religion as well. These Christian athletes participate in all sports, as do the other athletes, and have many goals for their futures.

There are two exceptional vocational programs at Manual which help students to maintain a job and experience many different career possibilities. Pre-Employment Vocational Experience is sponsored by Ms. McNeil and offers students an alternative approach to the daily curriculum offered by the schools, while shedding light on a few career choices that the students may be interested in. Another, Home Economics Related, Opportunities (HERO) is sponsored by Mrs. Smartz and helps the students decide on an area of interest for possible future careers, also.

by Crystal Purvis

David Mathis, Tony Frieson, Jimmy Leggings, and William Coe work together on a project in P.V.E. This class helps to prepare the students for the working world while also concentrating on their regular curriculum.

Kristy Long prepares to pour the ingredients to her own, personal masterpiece. The members of the H.E.R.O. Club learn cooking and other various aspects of home economics.

Express Yourself

Manual offers several clubs that allow a person to express themselves. Drama Club, sponsored by Ms. Wolfe, allows one to express themselves through the theater. Members can write scripts, build props, or act. Pep Club, sponsored by Mr. Walker, allows students to be a part of spirit activities. The Pep Club attends games and cheers the team on.

Various Publications activities are also available. The Video Club, sponsored by Mrs. Nolan, informs and entertains students daily on the announcements. They write scripts, work the cameras, and appear on E.M.T.V. to make students aware of meetings, games, and achievements. The Booster staff puts out a monthly paper, highlighting special events and

congratulating students and staff who have been awarded, or have simply done something extraordinary. The IVIAN staff works all year to produce a yearbook. Much like the Booster, the staff writes stories, takes pictures, works on the computers, and much more.

These are a few of the clubs here at Manual that allow one to express herself or himself. If Drama Club, Pep Club, Video Club, Booster, or IVIAN don't sound appealing, there are many alternatives.

Donald Anderson raps a medley while Johannan Tate, Tony Norton, and a number of other adorning fans look on. The modest concert took place during the post-Homecoming game mixer.

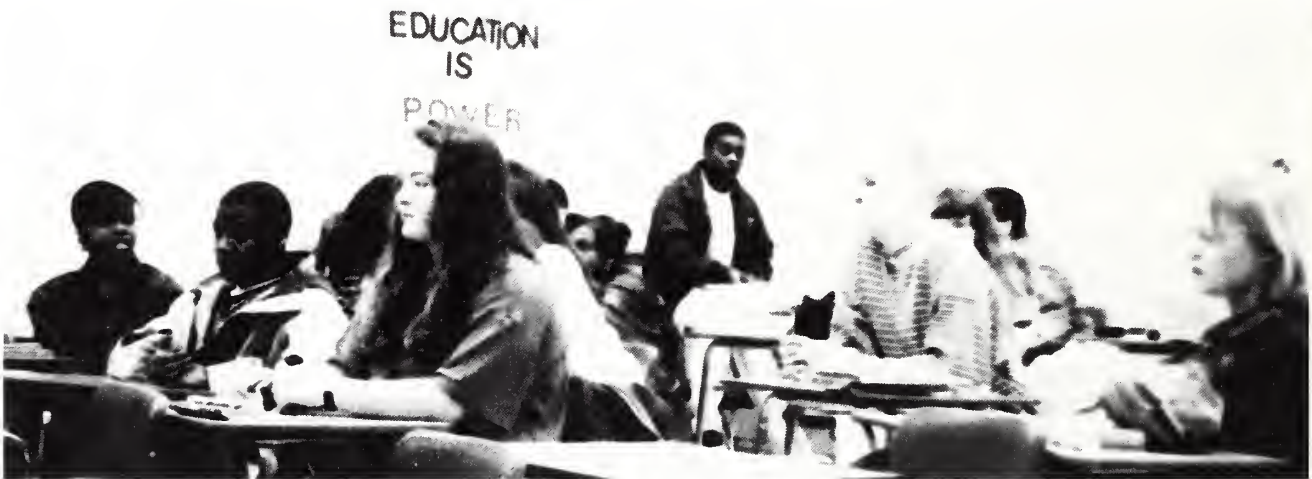

PEOPLE

For 100 years students have filled the halls at Manual. Sometimes it seemed as though there were just TOO many people. The halls were usually crowded and noisy. But one mustn't forget that the students and faculty are what make the school work. Learning on your own would be boring and less affective. Ten years from now, you may forget what color your locker was, how big the classes were, and how great the lunch was. However, peers and teachers who have helped you, hurt you, or just plain ignored you, will be remembered for a long time.

By Wendy Linville

CLASS OF 1995

AP English, a strictly senior class, enjoyed a heated argument with substitute teacher Mr. Fields. The topic: religion in schools.

Letter to the Class:

I distinctly recall our first day as Manual Redskins. We generally were lost and disorientated. Throughout that day in August of 1991, we wandered alone, eventually finding our way, or were guided by experienced teachers and veteran students who knew the way.

The remaining days were quite similar; each of us grew and learned, sometimes under guidance and other times with independence.

As we move toward our futures with both apprehension and anticipation, let us bring with us each experience which, and carry with us the memory of each person who, has given us the strength, integrity, and resilience to approach our lives with confidence.

Good Luck,
Cheryl Ingram
Valedictorian

We have spent many years of effort and dedication to earn the key that will open the first of many doors we will encounter in our lives. Only if we further our education by some means, will we be able to open more.

We must hold our heads high and be proud, for we have graduated. We will look back on our days here at Manual and remember the good times and the good friends we have come to know.

We will face many challenges and some could discourage us. But we must remember and use that same understanding, hardwork, and determination will carry us through all adversities.

Lastly, we must learn to like and love ourselves and whatever we do, If we don't like ourselves or what we do, we have the power to change it. Our class motto was "no less than the best," so we should never ever settle for less.

Senior Mark Hyche was caught in the library working on his mythology project. Or was he sleeping? The rumor is that Mark is able to sleep with his eyes open!

Seniors Leonard Ray and Dennis Smith have spent a great deal of time in front of the computers in publications. The Booster has done a wonderful job this

Senior Ben Messer shows everyone how much of a man he is. Great muscles, Ben! Are you trying out for the Mr. Universe title?

Senior Billy McClellan always tries to make a grand entrance to his classes. He's attempted the humorous, glamorous, sneaky, abrupt, loud, quiet, and annoying.

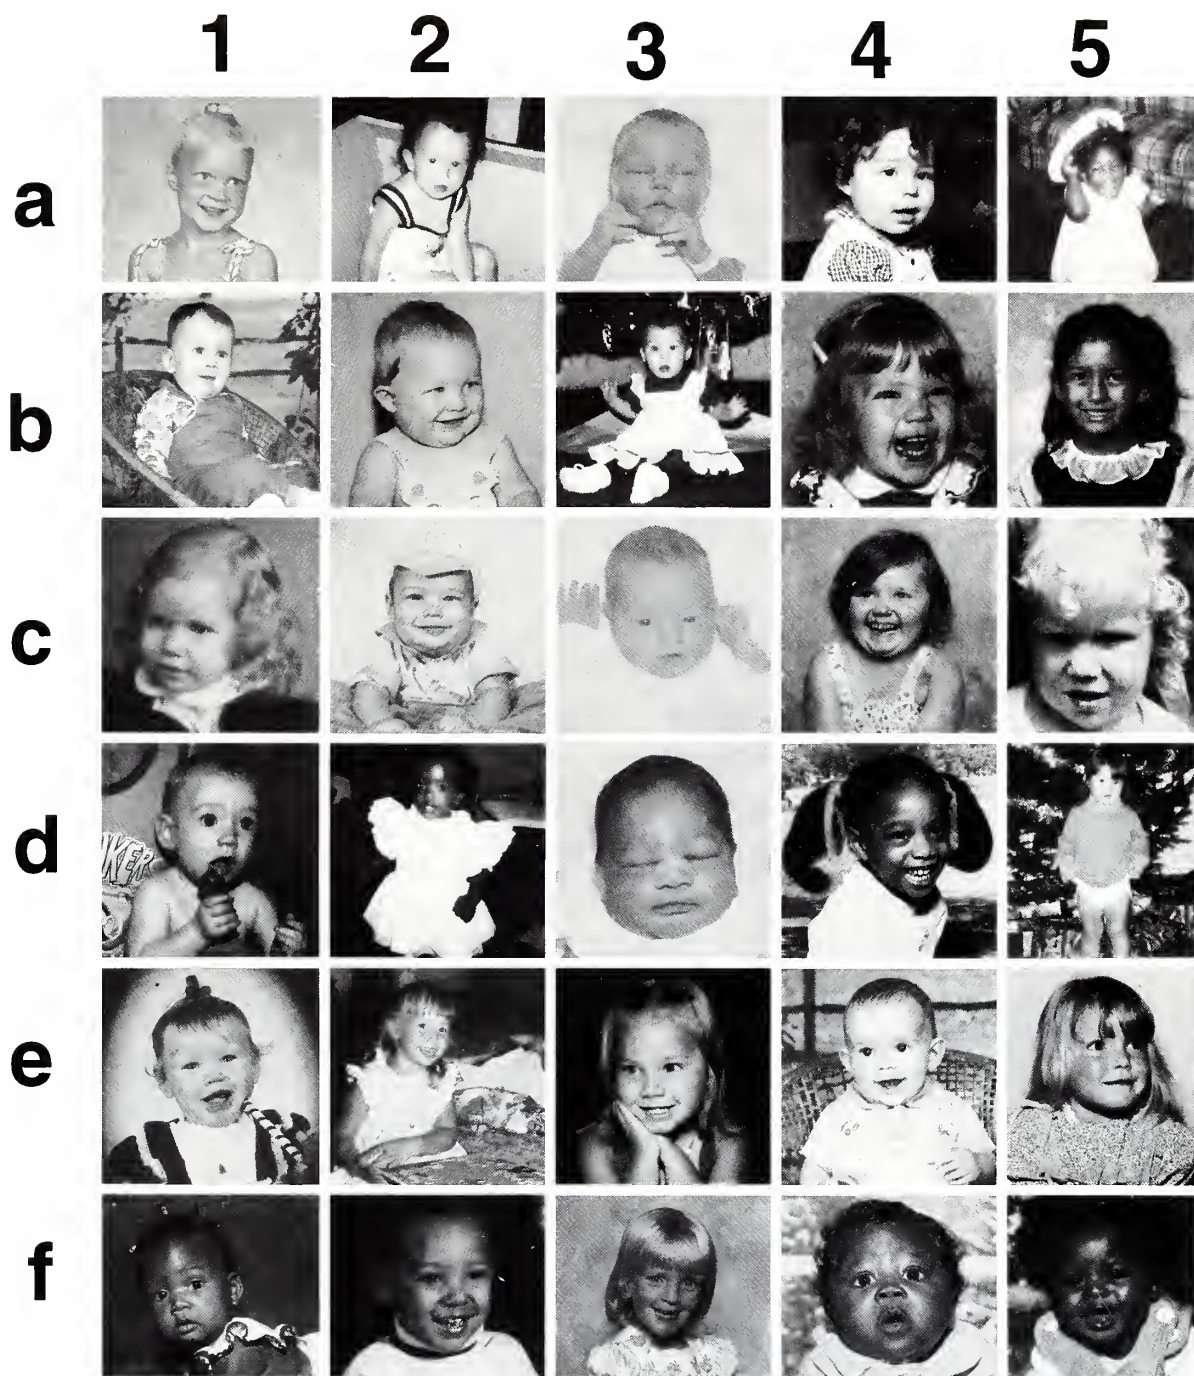

Senior Aubrey Baker is breaking all the rules with his cellular phone and headphones. You're such a rebel, Aubrey!

Senior John Ash was seen at the Booster Christmas party showing off his skills with babies.

CLASS OF 1996 *Juniors*

Krista Muckey and Doug Woods celebrate their Junior pride while decorating the halls during homecoming week. The Juniors placed first in the contest.

Just look how far we've come. Remember the first year here? It was a new experience and a big adjustment. It took awhile to get into the swing of things, but now we know the ropes pretty well. We have learned about the teachers, their patterns and just how far they're willing to bend.

These last years are our's to shine. We need to make those final adjustments, apply to those colleges, enhance our skills and think about the future. We still have much to learn and not much time left here. We need to learn all we can and do the best possible. Only one more year and that's it. These are the special years that we will remember for the rest of our lives. Enjoy them while you can. Get involved as much as possible. Next year we'll see each other in that cap and gown. We'll see everyone in "96" get that diploma. Hang in there, have faith and good luck!

CLASS OF 1997

by: ANDREW SPALDING

Sophomore Adria Thornburgh contemplates how to set up her next story. Yearbook is her first class of the day and demands much of her creative abilities.

Kris Messer works diligently to create his next piece of artwork in Miss Clay's art class. Art plays a huge role in Kris's education and the Manual Art Department condones creativity as well.

At last! We've finally earned our respect. These are the young men and women who can proudly raise their heads and proclaim, "We are sophomores."

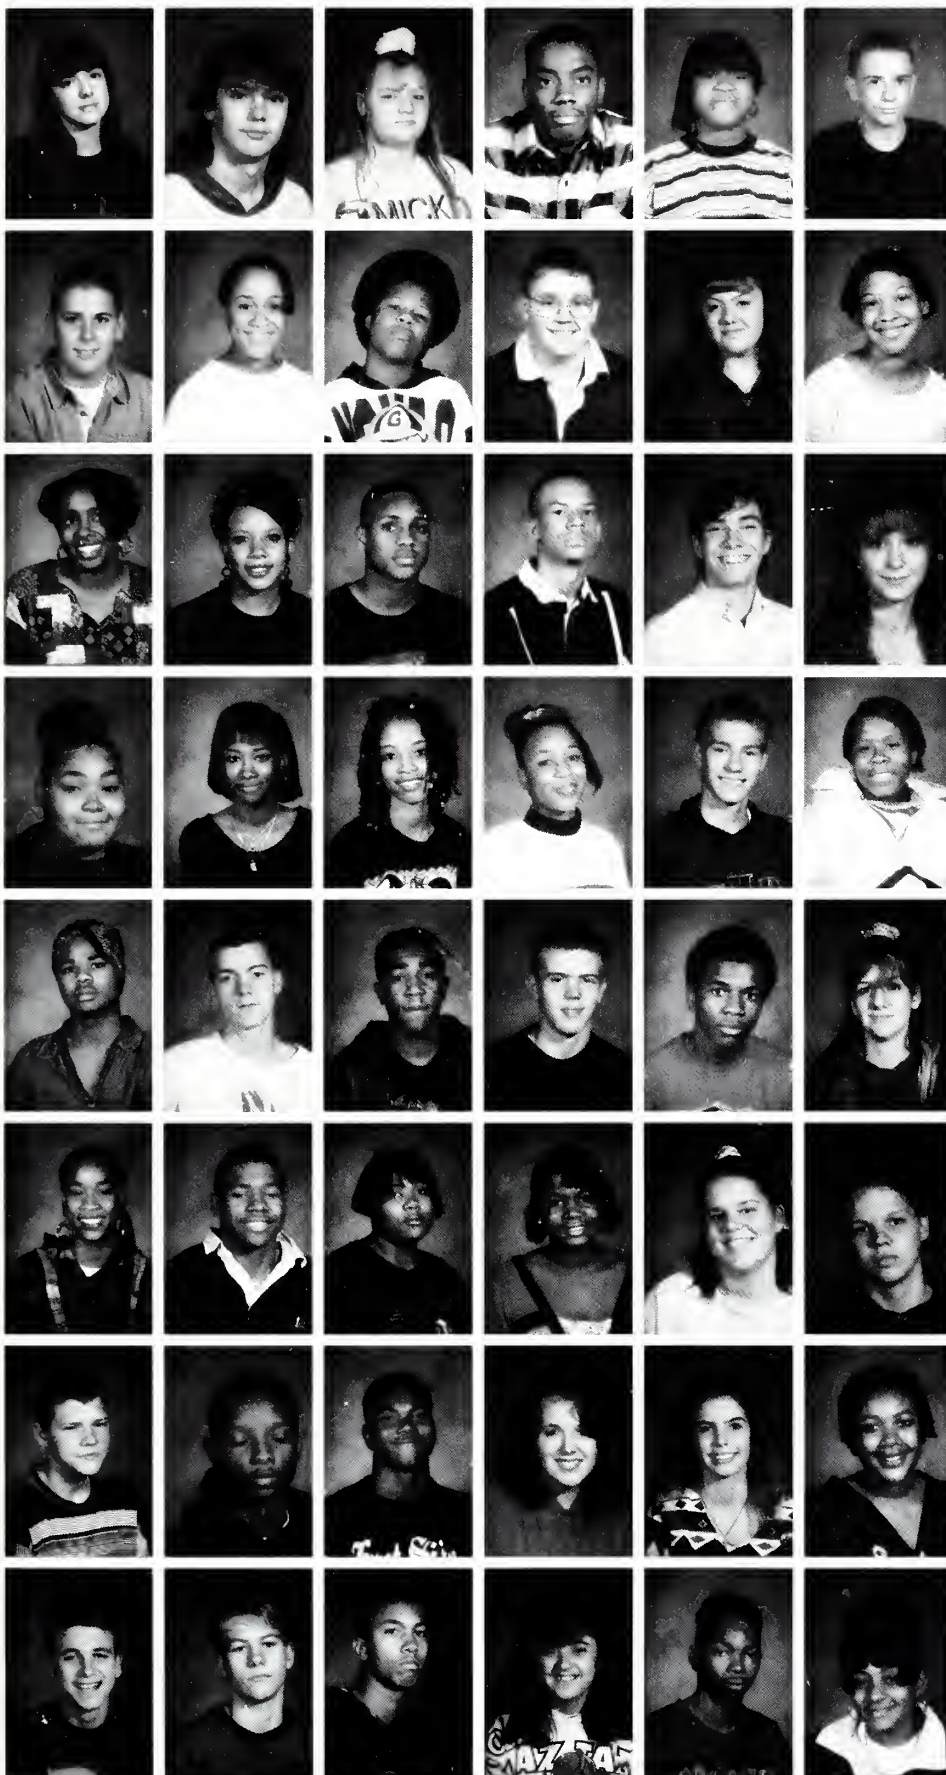

Okay, perhaps not exactly proudly...maybe more with a sigh of relief would be better. The sophomore year is that 'no man's land' which separates the humble freshmen from the glorious, awe-inspiring (it is all right to roll your eyes right about now) upperclassmen.

Sophomores aren't exactly looked upon as the infants they had been the year before, but they are not allowed to sit at the big kid's table yet, either.

The second year of high school is an important time--time to leave the past behind and start looking to the future. It is the year to put away the toys and get down to business. Time to stop: 'forgetting' to do homework, showing up late to class, 'accidentally' missing the bus, or cutting school altogether (of course, we here at the Ivian know none of you good people would ever do any of those things).

So, sophomores, congratulations on your achievements thus far. And in closing, we have seven little words of encouragement to offer you--"There's only two more years to go."

POINTS of VIEW

Sophomores Christina Ingram and John Lovins seem a bit agitated as they discuss the number of school rules that don't seem to make sense.

RULES

As we know, everything here at Manual is not perfect. Sometimes it is good for the students to voice their opinion. So that is what we have done here. We have surveyed a large amount of sophomores and have come to find that they do have something to say about some of the rules that we have been made to follow.

Here are the top ten responses that were received of the Manual High School Sophomore Class:

1. Pagers, and other communicative items should be allowed in school at all times.
2. We should not be issued conferences for tardies.
3. Hats should be allowed in the building, (except for the cafeteria for reasons of manner).
4. Food and drinks should not

be limited to the cafeteria.

5. No suspension for being late to a conference with a good excuse.

6. We should have longer passing periods.

7. Underclassmen should be treated with the same respect as upperclassmen.

8. Teachers should treat students with respect as long as the students treat them with respect.

9. Students should treat each other with respect at all times .

10. So for the last adjustment to school rules, just have fun! High school is the best four years of your life.

CLASS OF 1998

FRESHMEN!!

Welcome to Manual Class of 1998!

It's time to start over. From the "top dogs" to the "freshies". New school, new faces, new friends, and just a whole new environment. Getting lost, picked on, and being an underclassmen is only a phase. Look at it as a learning experience. Everyone has to go through it.

Some learn instant popularity, some are wallflowers, and there are those who think high school is a joke. There are

many activities and clubs to join here. You have three more years at Manual. So make the best of them and enjoy yourselves.

But before you know it you're going to say, "Wow, what happened? It's already time for me to graduate!" So by that time you want to have accomplished something to say "job well done."

So get serious and act like you are in high school. Start thinking about the future. Recognize you are the leaders of tomorrow. Do yourself proud at Manual High School as 100 classes have done before you and the 100 classes that will continue after you.

Freshmen, Jamie Reynolds, Ambi Torence, Delondia Jones, Brenda Hutcherson and Quiasha Wilson look cool and confident as they pose for this picture. Because these girls are freshmen, they hang together and look to each other for solice and support.

Seemingly lost and alone, freshman Deshaun Harris checks to make sure he doesn't do the unthinkable and enter the wrong classroom.

Freshman, you can spot them from a mile away. What is it about them that makes them so easily recognizable? Exactly what is it that makes them stick out like a sore thumb?

Here, as a public service, is a survival guide for future incoming students...

1. Never carry more than two books at once. Carrying three or more is a sure sign that one has not mastered the complex combinations of the locker. Also, no matter how safe you may think you are, there's always someone happy to come along and knock them out of your hands, during which, you have even more unwanted attention drawn to you. Something an underclassman definitely does not need.
2. Do not ask another student where such and such class is located. Even the seemingly nicest person can turn into a jerk and hassle you for your ignorance, let alone the fact that when you do get directions they are usually incomprehensible and too late you realize that you have wasted your time.
3. Schedules should never be kept out in

plain sight. Palm them or hide them inside the cover of a book where they can be surreptitiously glanced at from time to time while nobody knowing better presumes that you know your way around campus and exactly where you are going.

4. Manual's elevators do not use passkeys. Therefore, if one is approached about purchasing such keys, the appropriate answer is always "No," not , "How much?"
5. Biological functions, ways to torture household pets, and interesting noises one can make using one's hands are not socially-acceptable topics of conversation.

Hopefully, with these few helpful hints, the future freshmen of Emmerich Manual will survive their first year relatively unscathed. On the other hand, freshmen are not exactly known for their intellect.

Many Freshmen, because they simply have not learned the ropes of what you can and cannot get away with, are assigned conferences from mean, unruly, and unforgiving teachers. Also, because they are new to the game, they sometimes, although rarely, miss one (or two). The following list contains a few of the more popular excuses that we came up with when we asked the ninth graders why they missed these important appointments.

Top 10 Excuses for not Attending a Conference

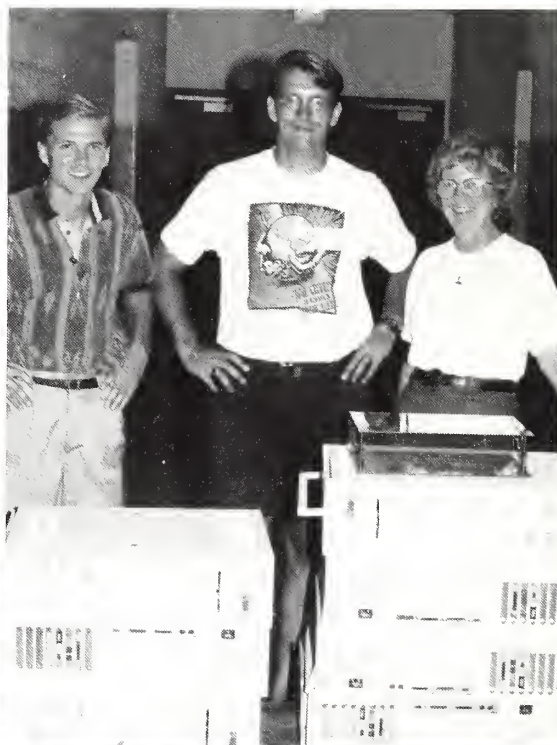

1. Uhhh...I forgot..
2. I thought I served that one...honest!
3. I thought they cancelled conferences today.
4. Had to get home to feed my kangaroo.
5. Had to babysit my sister's hamster.
6. My mom always tells me to come straight home after school.
7. I had an AA meeting.
8. My dog died.
9. Had a funeral to attend.
10. I was absent the day of the conference.

**Preparing
Today's

Tomorrow's
Challenges**

For the past century Emmerich Manual has held a tradition of academic excellence which has marked us as a school of success. It seems fitting that on the 100th anniversary of our existence we have adopted a program that is worthy of originating here.

This year, Manual started the S.T.A.R. Magnet Program. The STAR (Science and Technology of Agriculture and its Resources) Academy is the state's first agricultural magnet program and provides select IPS students with a college preparatory program focusing on careers in the agriculture industry.

In this first year, thirty-three freshmen students (first semester) spend five out of seven periods working in STAR Academy classes, which combine agricultural issues into the normal core classes such as English, Science, Mathematics, and Business. The students work together on many projects as a team, and have responsibilities that are directly related to the field of agriculture as well.

Students involved in the STAR program are involved in many extra-curricular activities such as the National

F.F.A. convention, field trips to other agricultural programs, and a hands-on approach to education that brings it to life before their very eyes. As you may understand, this makes learning seem purposeful and many times fun.

In addition to support from IPS, the STAR Magnet program has received sponsorship from Elanco Animal Health, the agricultural division of Eli Lilly and Company, and DowElanco. The STAR Magnet has had lots of help getting off the ground and seems to gain strength as the students move along learning to work together as a team.

The students of the STAR Academy squeeze together to pose while at a South Putnam farm. The students spent the rest of the day at South Putnam High School visiting their Aquaculture farm.

For 100 years, athletics have helped Emmerich Manual High School build school spirit. School spirit encourages and helps the athletes compete with the other schools.

Athletes are special people. Whether they win or lose, their dedication keeps them coming back. Athletes must also keep up their grades. It gets pretty tough trying to balance sports and schoolwork. Therefore, student athletes should be respected and honored by all.

TENNIS

GIRLS' TENNIS

The lady tennis team did not do well in the victory column, but they were able to have many individuals do well. At the doubles #1 spot, Qiana Jackson and Jaime Bronson opened up the season with a victory against Tech. Ellen Winkler and Kemi Hutcherson were able to advance to final round if the IPSAC tournament at the doubles #2 spot, but were defeated. In singles competition, Ann Wittenbring was able to compete well and surprised a few of her opponents.

Coach Kathy Newman-Smith enjoys coaching tennis because they work well together and give each other support. Newman-Smith expects Tara Sullivan, Ellen Winkler, Jaime Bronson, Ann Wittenbring, and Heather Humphrey to return this season and increase in the number of victories they have in the win column.

by Jaime L. Bronson

Lori White serves an ace with speed and intensity.

BOYS' TENNIS

The boys' tennis team were trying to leave fill a large hole left when they lost 4 seniors. Coach Richard Flis needed a few members to step up and take on the role of leadership.

Even though they did not finish well, they used this season as a stepping stone for the next to come. Leading the way for the team was Ben Arney and Brett VanMeter. They were backed up by Dustin Campbell and Desmond South at one of the doubles team's. Flis expects a large return of player's and hopes they will be better than ever!

TRACK

GIRLS' TRACK

Linda Baldrige has been the girls' track team coach for the past two years here at Manual. She was assigned assistant coach two years before this.

Ms. Baldrige said many of the girls have a great deal of talent, but running requires dedication and discipline. A good athlete lives by the five D's; Drive, Desire, Discipline, Dedication, and Determination.

At Manual, winning is always a goal. Tech is usually our toughest opponent. A goal for the team is for last year's Sectional and Regional participants to make it to State finals. To help us achieve this goal, we have a few returning runners. Senior, LaShawn Smith, who is a high jumper and sprinter, sophomore, Selene Harvey, who is middle distance runner, and sophomore, Mishanda Boyd, sprinter are some just to name a few.

All in all, Ms. Baldrige looks forward to a winning season and hopes the girls will understand and accept that it takes dedication as well as determination to be successful.

Front row: Selene Harvey and Mishanda Boyd. Middle row: Gwen Jones, Deena Bennett, Melanie Inman, and Denitra McNeil. Back row: Coach Tim Boykin, Coach Linda Baldrige, Heather Dow, LaShawn Smith, Brandi Davis, DeAnna Fleming, and Dawn McCutcheon.

BOYS' TRACK

The boys' track team did a tremendous job for the spring season of the 93-94 school year. Their record was 9 wins and 3 losses for dual meets. They had many goals for the season. One of their goals was to be City Champions, but they only became runner-ups.

Mr. Pike, who retired after last year's season, was proud of the team for the effort that they had put into the work that they did. The team's most improved member was Dennis Brink. As a freshman, he improved to win the Freshman City Championship. Vernon Morgan would have to qualify as the team's most valuable runner, as he went on to win State in the 800m.

Their best meet of the season was against Southport. They defeated the Cardinals 70-57. Their most difficult meet was against Ben Davis. Ben Davis was ranked highly in the polls.

GOLF

BOYS' GOLF

This year's boys' golf team was made up of Chad Phillips, Brad Ford, Brent Ludlow, Ben Arney, Dustin Campbell, and Brett VanMeter. They had a shining record of 10-5 and were second in IPSAC.

The team was led by Brent Ludlow and Brad Ford was the most improved by the end of the season. Other members of the team had major accomplishments also. Dustin Campbell cut 10 shots off of his score. Coach Craig said that two freshmen on the team, Ben Arney and Brett VanMeter, stepped in and played beyond his expectations.

Coach Craig, who says, "He can't rest until next year," said his goals for next year's team is to improve on this year's performance and to win the IPSAC.

by Andrew Spaulding

1st row: Chad Phillips, Brad Ford, Michael Corbin, Brett VanMeter, and Ben Arney. 2nd row: Coach Pack Craig, Scott Dicks, Dustin Campbell, and Brent Ludlow.

GIRLS' GOLF

Despite posting only one win this season, Mrs. McNeil says she was pleased with the team effort and attitude put forth by the 94 girls golf team. "Though the girls golf team did not have a winning season as far as matches won, however, they did win by improving individual scores, working as a team, and developing positive attitudes and perseverance," said Mrs. McNeil of the team.

When asked who were the key players, Mrs. McNeil replied that all the members of the team were valuable and contributed major effort. However to be more specific, the senior captain and most valuable player was Kerri Brown, while senior Ann Wittenbring was named most improved player for the 1994 season.

Among her many goals for the 95 team are to improve individual scores, improve team place in the IPSAC/City Tournament, and to just have fun.

Brad Ford takes his next shot.

Chad Phillips anxiously awaits to see if his putt goes in.

Dustin Campbell eagerly watches his follow-through.

Brent Ludlow carefully takes his next putt.

SOFTBALL BASEBALL

SOFTBALL

The Lady Redskins softball team did extremely well last season. Coach Hustedt said the ladies always work to their fullest potential and never let anything interfere with their work. Every year coach Hustedt always looks forward to spring to come so they can make it outside to practice, but he says, "He cannot make spring get here soon enough."

The Lady Redskins have been IPSAC champions three times out of the last five years. Winning IPSAC is always a goal for the team. Their primary goal is to do the very best they can and to represent Manual in a sports lady manner.

Players returning from last season are; Jamie Bevers, Brandi Bowers, Amy Brickley, Amie Caviness, Cheryl Ingram, Krista Muckey, Angie Powers, Stephanie White, Jodi Brink, Chasity Hopkins, Alisha Hummel, Christina Ingram, Kelly Kestler, Stephanie Peebler, Jackie Pike, Jenny Smoot, Kristal Spurlock, Trina Campbell, Christie Johnson, Courtney Cox, Danielle Snyder, and Marci Brennan. There are many great hopes for next season.

BASEBALL

Through a season filled with many struggles, the varsity baseball team made it through with a record of 3-20. They overcame many difficulties to hold their place in the tough world of baseball. So no matter how bad the record, they tried their best to defend our Redskin name.

Even though the season was challenging, the team had a lot of key players. Most Valuable Player; Bruce Benedick. Leading Pitcher; Richard Byard. Leading Hitter; Richard Byard, with a .301 batting average. Co-Captains; Bruce Benedick and Curtis Green. Mental Attitude Award; Bruce Benedick. Golden Glove Award; Andy Twigg.

VOLLEYBALL

The lady Redskin volleyball team was full of surprises this season. They went from losses at the beginning, to key victories at the end. The ladies started off slowly, but once again, they finished in an excellent manner. The squad was disappointed by a first round loss to Washington in the City Tourney, but they came back to avenge that loss to Washington in the second round of Sectionals. They defeated Washington to advance to the championship round, only to be beat by a strong Perry Meridian team.

The varsity squad was led by senior Angie Powers and sophomore Christie Johnson. They will be losing two other seniors. They are Jodi Brink and Heather Teater, the team looks for Jamie Bevers, Brandi Bowers and De Anna Fleming to step up and keep the team strong. Tracey Fields, a junior varsity player, recieved this year's Most Improved award.

FOOTBALL

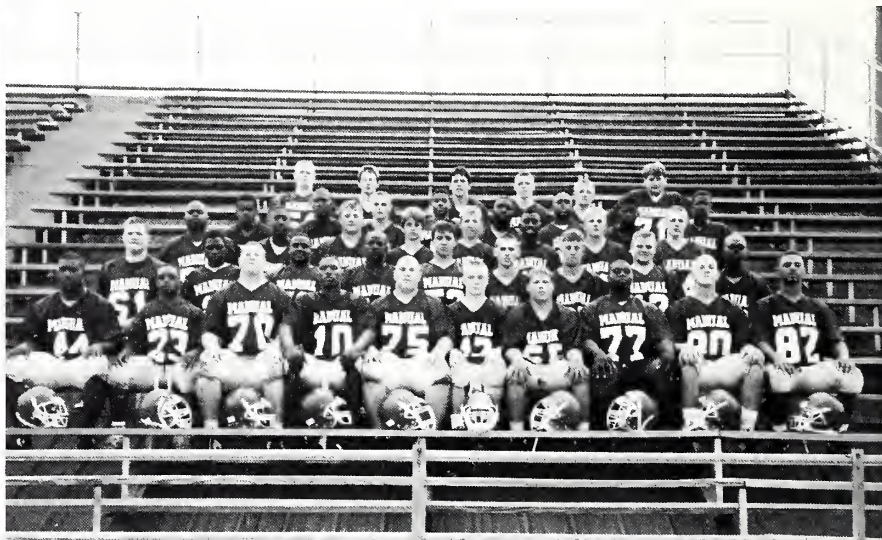

As the Redskins ended their season with an 0-8 record, we all wondered what happened. The students who witnessed some of the practices wondered why after so many hard practices, why our season ended so badly? It seemed that no matter how much heart and aggression the Redskins had, the opposing team seemed to have more.

"Just because you put out a lot of time and energy into a project, it doesn't guarantee it will be successful. We found this out the hard way this past season. You were well prepared to compete in the game of football this year, but the pieces never came together," said Coach Shadiw.

Even though they did not have such a great season, they did have some great athletes show their best. They had several offensive players of the week. They were Darrin Douthit (several times), Mike Holland, Curtis Green (several times), Cory Parchman, and Victor Linzy.

They also had many defensive players of the week. They were Darrin Douthit, Victor Linzy, Mike Gary (several times), Cory Parchman, and George Jones. Lineman of the week were Keith Vanatta, David Alexander (several times), Mark Turner, and Curtis Green (several times). This year's MVP went to Curtis Green and Mental Attitude went to Don Laswell. Players who made the All-Academic team were Damon Ward, Bill Price, and Stan Franklin.

CROSS COUNTRY

GIRLS' CROSS COUNTRY

The 1994 girls' cross country improvements and accomplished many goals. Sophomore Selene Harvey led the pack and she was followed by 3 other sophomores. They are Mishanda Boyd, Qiana Jackson, and Deena Bennett.

Coach Linda Baldrige says, "I beleive the team is young and they are still developing their self-discipline and their attitudes. It is my job as a coach and a teacher to help mold their attitudes." Baldrige feels that coaching is an excellent opportunity for her to share her experiences with the athletes. When asked does cross country take alot of time and effort, she replied, "Running requires alot of discipline. The only thing that keeps you going, is your desire to do better." Much is expected for the team next year. All 4 team members are looking to return and improve on an already outstanding team.

Sophomores Deena Bennett and Mishanda Boyd relax before a meet.

BOYS' CROSS COUNTRY

This year, the boys' cross country had to fill in a big hole left by Vernon Morgan. Leading the team was Junior brad Ford, while sophomore Dennis Brink was the 2nd runner. Joe Case, Shaun Case, Kent Edwards, Barry Garth, Bill Cox, and Joe Carson rounded out the rest of the team.

Mike Swinford returned at coach for the second time in his career. Swinford had previously coached before he resigned to let Al Pike take over a few years earlier. He was replacing a coach who had prepared many runners to excell and even go on to college to run. The boys' squad are expecting a large number of returnees.

Junior Brad Ford demonstrates his running skills as he wins yet another race.

LADY REDSKIN BASKETBALL

The girls' basketball team made many improvements this year. The major improvement was their record. The team finished the season with a record of 14-6.

3rd year coach, Kathy Newman-Smith, feels that the team worked very hard and she says she is proud of the team. She also feels that they worked well as a team.

The highlight of the season would definately be when they were able to capture the IPSAC title with an unbeaten conference record. Even though they were defeated in their 1st game of the Sectionals, they have many outlets to build upon.

With two seniors leaving, Takeela Freeman and LaShawn Smith, the team still has the talent necessary to win. Mishanda Boyd, Christie Johnson, and Kenya Swedish will become the new leaders of the team. Also returning will be Tashonna Mays, Latissu Ivy, Curtrina Holloway, and Alisha Hummel. The team should be able to retain a winning record and hopefully rein as consecutive IPSAC champions!

The junior varsity squad also had a tremendous season. They were lead by sophomore Selene Harvey. Patrice Harris, Gabriella Hollis, Marlanea Matthews, and Randi Johnson also were key to victory.

BOYS' BASKETBALL

This season, the boys' basketball teams worked very hard to hold on to as many victories as they possibly could. As the team looked on, they realized there was a tremendous amount of competition. A number of games that the team lost were when they were down at half time by as many as twenty points. When the team realized how bad they wanted these victories they would bring their twenty point deficits to only a few points in difference.

Mr. Craig said, "He was disappointed with the team this year. The team did not focus on the basketball game. They were distracted by outside interferences. Although some did show they were not distracted by outside interferences. The junior varsity proved themselves by becoming City Champs. They also did good towards their class work and on the basketball court." Key players from the varsity team were: Aubrey Baker, Jerome Bell, Brian Bundy, and Quincy Ware. Co-MVP's were Brian Bundy and Quincy Ware.

Mr. Craig said he is looking forward to next year's team. He hopes they will excel in the things they were weakest in such as rebounds and shooting. He also hopes they stay strongest in their defense.

Aubrey Baker shoots a free throw to add another point to the Manual score.

Sophomore Damon Ward pushes the ball up the court.

Darrell Brown passes the ball to Robert Bridgewater.

WRESTLING

The wrestling team set high goals and they worked hard to achieve those goals. Unfortunately, the wrestlers were not able to achieve their goals. Although, lack of experience may have been a huge factor. The varsity level was mostly freshmen and sophomores.

In the pursuit of excellence, senior Andre Taylor was able to make it to state competition where he was able to place at 3rd. Taylor finished the season at 47-2. Another senior, Larry Evans, was able to set a state record with 33 consecutive pins. He made it to regionals, but did not advance to the state competition. Evans finished the season with a mark of 38-5.

The team was able to increase on a record which they had previously set. They were able to capture the IPSAC title for their 5th straight year!

Even though the team was not as successful as in the previous years, they continue to live by the team motto of, "Work Hard and Be Loyal!"

Back row: Coach Jim Phillips, Andre Taylor, Larry Evans, John Amos, Kevin Stover, Corey Riegal, Mike Gary, and Coach Otha Taylor.

FRESHMEN SPORTS

After school there's always a time when you don't have much to do... **BOREDOM!** There is a way to fill that time with with fun and exciting activities.

Freshman sports are a good way to prepare you for junior varsity and even varsity sports. It takes much hard work and practice, but the rewards for your toils are plenty.

The best reward is the feeling of self-accomplishment and the knowledge of knowing "I can compete...and survive!!"

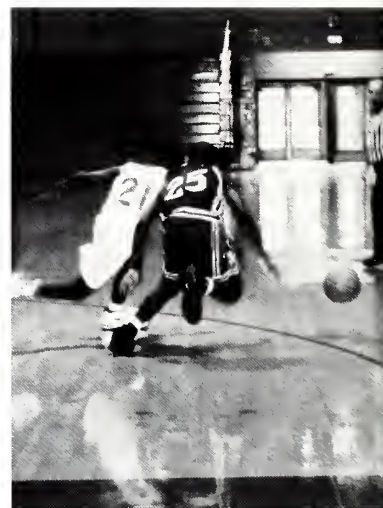

There are many ways to find a cure for boredom, but participating in freshman sports is the best of all.

What sports will you be joining your freshman year? There's no better time than the present to join... so hurry up and put an end to that after school boredom!

Front row: Latrell Smith, Alonzo Milles, Paul Battles, Chris Arnold, Robert Quarles.

Back row: Phil Webb, Bobby McGraw, Johnny Ferguson, Norman Nalls, James Jackson, Dana Jones, Joe Teague, Michael Scott, Aaron Boyd, Coach Dick Alter.

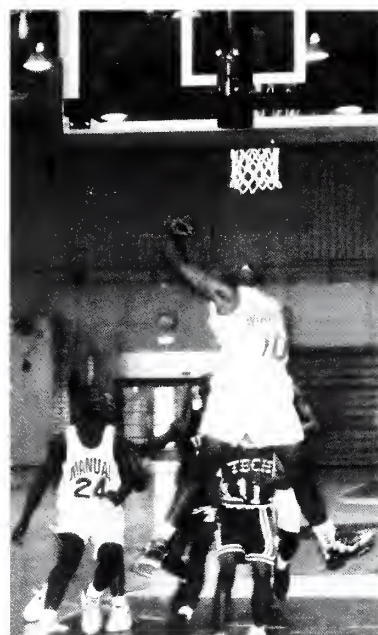

Johnny Ferguson tries to make a free throw to add another point to the score.

Chris Arnold patiently waits to pass the ball to his teammate.

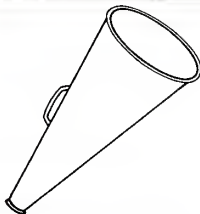

Center Joe Teague goes up in the air to gain control of the tip off.

Alonzo Miles goes to the air for a layup.

CHEERLEADERS

Left to right: Angie Rodriguez, Shannon Monroe, Qiana Jackson, Jessie Matula, Stephanie Peebler, and Dawn Pruitt

14th ANNUAL REDS

Who are the cheerleaders of Manual and what are they about? Believe me, I was one and it's not just giggling girls in cute uniforms. Cheerleading is very competitive, everyone wants to make varsity. But there are a lot of good times in cheerleading, as well as bad. I remember the thrill I got when I was out there in front of everyone. I remember the feeling of a team and the joy I got out of screaming when we made a touchdown. I remember staying after school to decorate lockers and hallways. Most of all, I remember how nervous I was when I first tried out my freshman year.

When you do make the team, it's a lot of hard work. You practice things over and over until you are exhausted. Then you come back the next day and do it all over again. Even when I would dread going to practice, I would know deep in my heart that you receive something out of it all. The special feeling of knowing that you have taken one step closer to the goal of perfection. Practice makes perfect!

RAYMOND C. SCHULTZ

Coach Schultz gives instructions during a football game.

Schultz's junior year school picture.

As a teacher, Schultz was always willing to help his students.

A much younger Schultz shows his pearly whites.

As a Manual alumnist and our athletic director, Raymond C. Schultz has dedicated himself to keep the winning traditions of the Redskins alive. Day in and day out, his continuous hard work has paid off for him. Not only is he known as one of the best athletic director's in the city, he was also honored as the football field was dedicated in his name.

It all began when he came to Manual. He played football, basketball, and baseball. As well as just playing in these sports, he also did exceptionally well. He then went to Purdue University and recieved a degree to teach science. He then came to Manual to teach in the sciences.

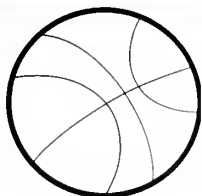

Being the 100th anniversary of Manual, it seems only fitting that Raymond C. Schultz be tributed. He will surely be remembered for the next 100 years!

FACULTY ALL-STARS VS. THE SENIORS

During half-time at a home game, the faculty took on the seniors in a no mercy game of basketball. I'm sure you went to the game thinking the seniors would win because they're younger and in most cases in better shape, but the faculty went in the game with their heads held high and left with smiles on their faces. The faculty defeated the seniors with a score of 16 to 15. A sweet victory it was.

ATHLETIC EXCELLENCE

VOLLEYBALL

Angie Powers was the leader of the volleyball team. She provided the leadership to lead the team to IPSAC tournament and sectional runners-up.

GIRLS' BASKETBALL

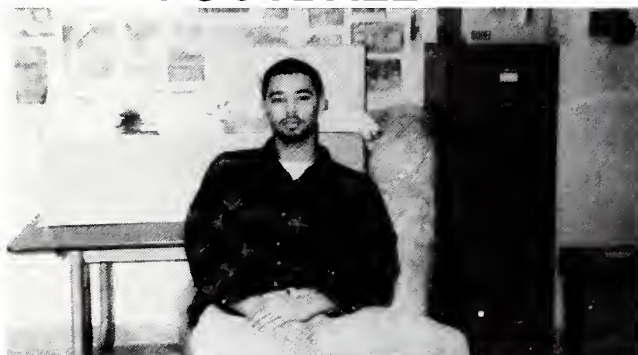

Jaqueela Freeman has played on the varsity level 4 years and has been MVP for 3 consecutive years. Freeman scored 283 points with an average of 14.6 per game. Freeman plans to play basketball on the college level.

WRESTLING

Andre Taylor finished the season with a 47 - 2 record and set 6 new school records. Taylor finished 3rd in the 1995 State Wrestling Championships and was a Sectional and Regional Champion as well as City Champion.

FOOTBALL

Curtis Green was named to 1st team All IPSAC, 1st team Coaches Poll, and 2nd team All Metro. He also received honorable mention in the 4A Coaches Poll, honorable mention Bloomington Herald(4A Coaches).

BOYS' BASKETBALL

As a starting guard, Brian Bundy led the boys' basketball team in scoring and also showed strong team leadership. Bundy has played on the varsity level for 3 years.

FRESHMEN BASKETBALL

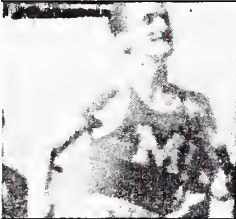

Aaron Boyd's coach, Dick Alter, feels that Aaron has a great future ahead of him. Not only does Aaron do well on the court, he has also done very well academically!

GOOD LUCK

class of 1995!!

In Memorium:

This IVIAN is dedicated to the memory of Autumn Pfoutz and John Kennedy, former Manual students and Richard Blough, former Manual educator. They made Manual their home, at one time or another, and we will miss them greatly.

To the 1994-95 IVIAN Staff:

This has been a crazy year. A new advisor, an anniversary, our business manager quit, endless arguments, and a room full of people who are always right. Editing has been an experience I'll never forget, thanks to you.

To the people who have truly worked hard (you know who you are) I want to give a special thanks. Without you, I'd have lost my mind. There has been an extra amount of stress and pressure this year do to the best ever because this is the 100th year.

Congratulations and good luck to seniors Jaime Bronson, Beverly Clark, and Launda Bolden. Good luck to juniors Jessie Matula, Danielle Byrne, Crystal Purvis, Angie Rodriguez, and sophomores Shelley Landwerlan, Andrew Spawlding, and Adria Thornburgh. As for John Ash, you quit on us, but I still love you. You did a good job while you were here.

Well, it's off to I.U. I go. I'll miss you all, even Andrew who barely said two words. I'll be sure to leave my new address and phone number in case help is needed next year.

With Love,
Your Editor and friend,
Wendy Linville

P.S. And you too, Mr. Gause!
